(Overlord's Supreme Command Headquarters and Day Spa)

Security Level CHENEY (Overlord's Eyes Only)

Design and Architectural Services by Gygax Industries
Construction by Halliburton

1. Gert Fröbe Memorial and Wishing Well.
2. Visitor's welcome center (credentialing, gift bags, and organ harvesting).
3. Entrance Hall and waxwork museum. This year's theme is "Corsetry through the Ages." (Be sure to stay for Kate Bekinsale – B on your map.)
4. Marlene Dietrich's chair tilts back to reveal secret entrance A.
5. Blood, stool, and urine testing. Jokers who offer to surrender their underwear will be shot.
6. Janet Leigh's bra from Psycho (with certificate of authenticity).
7. Messing with Dita Von Teese opens a slide that leads under the corpse processing facility and directly to the electrocution spike wall.
8. Concierge and decontamination/tracking device detection rooms.
9. A-G: MST3K themed security doors, each with thumbprint-activated disclaimers, hold harmless, software licensing, and age verification, and terms of usage agreements.
10. JUGS Horde of Terror Hall of Fame. Be sure to step into the "Ride the Overlord's Lower GI Tract" Tour – only \$45, or \$99 for a Summer pass good May-September.
11. Video Confessional. Yes, I'm trying to market living in my lair as a reality show.
12. Twin flamethrowers covering doors to flambé unauthorized guests, so I hope your thumbprint checked out and our DSL isn't down again.
13. Corpse processing space licensed to EAS. Myoplex is people. *People!*
14. Church of Shatner featuring Khan Kirk (A) T.J. Hooker (B) and Denny Crane (C). Swapping toupees on A and B opens secret door.
15. Perverted Henchmen and Above Only beyond this point. Watch out for pits featuring Flesh Ripping Weasels, Killer Scorpions, and Hungry Tarantulas. Frankly, the tarantulas aren't really that fierce at all. Bit of a disappointment, really, but Evil Overlord tradition does seem to require tarantulas for some reason. I suspect some 19th Century super-villain like Moriarity was in the tarantula-raising business.
16. Flume exit featuring original Pirates of the Caribbean display back when the Pirates were nasty.
17. Secret Door marked "Klaw Studios."
18. Overlord's Wine Cellar. Help yourself to the Three-buck Chuck.
19. Overlord's World Domination Headquarters and Boba Tea Café. Boy did I get screwed on that. They told me it would be the next Starbucks. Fuckers. But the 12 vintage arcade video game stations are the balls. Just don't beat my high score at Galaxian or I'll kill you.
20. I built an Indiana Jones swing-across stake pit here, but honestly, after the first few times it's kind of a pain in the ass. Just work your way around the south ledge. I put in a handrail.
21. Home Theater. Yeah, it's got stadium seating and THX certification. I didn't become an Overlord just for the designer sunglasses and silk suits.
22. Grotto. The cocaine is for the strippers, so keep your noses clean.
23. Secret door masked by a shrine to Playmate of the Year Cindy Wood (Feb 1973). Keypad 23A leads to my private stash in the hookah lounge. Try the Double Apple.
24. Totally bought this door from Wolfgang Petersen. It's from *Das Boot*.
25. Overlord's *Hall of Stripper Poles*. Some date back to Ancient Egypt, complete with hieroglyphs giving the posted rate for a three-song booth dance. Note evening gown for Ginger (A), Mary-Ann's gingham crop shirt (B) and Barbara Eden's harem top. I'm trying to get the harem pants but Bill Daily is asking for the freakin' moon and sky. D is the Overlord's Imperial Recliner. It's got the magic fingers, you betcha.
26. *Star Wars* and Lara Croft Memorabilia.
27. Closet with "Beware of the Leopard" sign containing Charlton Heston's bush jacket and belt from The

- Omega Man* opens up into gun room A.
28. There is no note 28.
 29. Recliner tilts back into Matt Helm bathing pool.
 30. Bettie Page themed spa, cocktail lounge, and dungeon. Note Jacuzzi (A), Full-Service Bar (B) matching heirloom French Imperial sex toy armoires (C). Press on the De Soto latch-handle from *Rumble Seat Bondage* (D) for access to Overlord's private quarters.
 31. My personal favorite trap, the mega-Food Processor of Death. Also make Julienne Fries.
 32. James Bond Villain hall of fame. Smack Daniela Bianchi on the ass to open the secret door.
 33. Overlord's Personal Double-Wide, done up to recreate the rooftop "bomb shelter" from *Dawn of the Dead*. It also serves as escape pre-manufactured housing capable of supersonic speed and near-orbit altitude.
